

Axial-flow full cone nozzles

Series 490 / 491

NEW Patent pending

Non-clogging nozzle design. Stable spray angle. Particularly even liquid distribution.

Applications:

Cleaning and washing processes, surface spraying, container cleaning, foam precipitation, degassing of liquids.

Series 490

Series 491

Series 490/491 represents a new generation within the axial-flow full cone nozzles product group. These nozzles were developed using state-of-the-art design and simulation methods (CFD) and in practical operation they impress with their advantages.
